

## ASUS F6Ve Notebook refreshes the senses

Global Brand Pvt. Ltd. has introduced F6Ve model of ASUS notebook to Bangladesh market. The F6Ve comes

equipped with an Intel Core 2 Duo P8700 CPU running at 2.53GHz, 3GB DDR2-800 RAM, and a 320GB hard

drive. Draped with a special "Libera" exterior, the F6Ve subtly delivers a refreshing scent to the user, invigorating the senses. With Express Gate, users can access their most commonly used programs instantly, while Power4 Gear helps conserve energy for extended computing hours. The laptop has a price-tag of Taka 68,000. For more information: 01915476355, 8123281.

## Asustek aims to ship 25 million motherboards in 2010

Asustek Computer expects to ship 25 million motherboards in 2010, up 20% from 21 million units in 2009, according to Chewei Lin, vice president of Asustek open platform business. Mr. Lin expects the company will ship five million units in the first quarter of 2010, mainly benefiting by recovering demand from Europe as well as Lunar New Year demand from China. Shipments in the second quarter of 2010 will break six million units to reach a total of over 11 million units for the first half of the year. The company aims to ship a further 14 million units in the second half. Asustek had an about 33% share of the global motherboard market in 2009 and is aiming to achieve 50% in 2014, Mr. Lin said.

## Global Brand observes ASUS New Year Celebration

Global Brand Pvt. Ltd. organized a New Year celebration program and a promotional campaign titled "ASUS New Year Celebration" of ASUS notebook and netbook products on 3 January at BCS Computer City, IDB Bhaban. Global Brand celebrated the New Year by cutting a giant cake, distributing sweets, gifts and greetings among the invited guests, dealer and

## HP IPG Partner Get Together at Cox's Bazar

Hewlett-Packard (HP) arranged 'Partner Get Together program' at Cox's Bazar from 16 to 18 December 2009. More than 100 HP Partners and Resellers participated in the program. The Partner's Business session started with thanks from HP Bangladesh Team to the partners for their hard work, dedication and

sincere drive. In the opening speech Mr. Shabbir Shafiullah, Country Business Development Manager of HP Bangladesh-IPG said "HP is committed to deliver the best in class products, services and support to our valued customers." He also added, "We are confident that jointly with our partners we can ensure HP customers getting the best products and services in the industry". He explained the key benefits that the resellers should highlight to the customers to ensure that customers get the best value for their money. He described the HP product strengths and benefits which needs to be highlighted to the customers to show the HP value propositions, how HP ensure the maximum value of customers money offering the low Total Cost of Ownership but at the same time ensuring the highest Total Customer Experience. Mr. Shafiullah also highlighted the inventions that HP has incorporated in its products. Mr. Sarower Chowdhury, Partner Business Manager of HP Bangladesh gave a presentation on how to ensure that customers are buying original HP print-cartridges. He described that HP has placed uniquely designed, counterfeit-proof "Anti-Tampering" label on all original HP print-cartridge boxes. The anti-tampering label has a "HP Number" and a unique secret "Password" printed on them. After purchasing an HP print-cartridge, the customer can scratch-off the grey area of the HP Anti-tampering label to reveal the password. Next, they can log into www.checkgenuine.com and key-in the HP Number and Password they found on the Label. Instantly they will be notified if they have purchased an HP original print-cartridge. The HP Resellers enjoyed a lively active time at the longest sea-beach in the world performing team building activities.

reseller houses. Chairman of Global Brand Pvt. Ltd. Mr. Abdul Fattah, Managing Director Mr. Rafiqul Anwar, Director Mr. Jashim Uddin Khondaker,

ASUS Bangladesh Country Manager Mahiuddin Kader, President of BCS Computer Samity Mr. Mostafa Jabbar,

President and General Secretary of BCS Computer City and many other distinguished guests were present during the celebration. Furthermore, a 7-day long promotional campaign named "ASUS New Year Celebration" also was inaugurated at the IDB Bhaban premises in their presence. Customers got a scratch card with every purchase of ASUS notebook and netbook during the promotional campaign at IDB Bhaban. The gifts contained gift voucher, cash discount, Eee PC, digital camera, pen drive etc. This promotional campaign continued till 9 January 2010.

### Fabulous Headphones & Microphones Brought by Ipsita Computer Pte. Ltd.

#### HEADPHONES HPM1000

##### Multi-Purpose Headphones

Ultra-wide frequency response  
High dynamic range  
High-resolution capsules  
1/8" connector plus 1/4" adapter included  
Single-sided cord  
Oval-shaped ear cups

Comfortable headband  
High-quality components and exceptionally rugged construction ensure long life

Conceived and designed by BEHRINGER Germany

#### HEADPHONES HPS5000

##### Closed-Type High-Performance Studio Headphones

Ultra-wide frequency response  
High-definition bass and super-transparent highs  
Ultra-wide dynamic range  
High-efficiency cobalt capsule  
Single-sided coiled cord with oxygen-free copper wires

Optimized oval-shaped ear cups  
High-quality components and exceptionally rugged construction ensure long life

Conceived and designed by BEHRINGER Germany

#### STUDIO CONDENSER MICROPHONE C-1U

Studio Condenser Microphone with USB Audio Interface and software suite

Professional large-diaphragm condenser microphone with built-in 48 kHz USB interface for unsurpassed audio quality. Gets phantom power directly from PC USB output. Comes with Audacity audio editor, Kristal audio engine, Podifier uploading software, and Juice and Podnova downloading software. Maximum SPL (sound pressure level) of 136 dB. Ideal

as main and support microphone for studio and live applications. Exceptionally flat frequency response and ultra-high sound resolution Cardioid pickup pattern for outstanding sound source separation and feedback rejection. Ultra low-noise transformerless FET input circuitry. LED indicates phantom power operation. Ultra-rugged construction with die-cast body. USB connector and swivel stand mount included. For more information: 9134983.

### TVNL becomes the 1st ever recipient of Cisco-Silver partnership in BD

'Tech Valley Networks Limited (TVNL), became the 1st ever recipient of Cisco-Silver partner in Bangladesh.

For many years in Bangladesh IT market, Tech Valley Networks Ltd.

has created a commendable footprint with it's Cisco wing, prior to the announcement of Cisco-Silver partner TVNL has been operating as premier partner of Cisco locally. Currently Cisco has eleven (11) premier partners in Bangladesh and among them TVNL has proven it's worth to receive the first Silver partnership award.

#### A brief on Silver partnership;

Silver Certification is the third step for Partners within the Cisco Resale Partner Program. Partners who complete the Silver Certification are demonstrating to their customers a commitment to working with Cisco. It is also recognition of a focus on the technology needs of their customers. Silver

Certification requires a partner to undertake the training and qualifications to advanced Cisco Specialisation standards, which is a significant commitment that sets the standard for competence in today's market.'

### BCS participates in Ekushey Book Fair 2010

With the vision to make the dream of Digital Bangladesh a success, Bangladesh Computer Samity is participating in the Ekushey Book Fair 2010. BCS stall is situated in the

Digital Publication and Software Pavilion of the Ekushey Book Fair.

The participating organizations under BCS's banner are Ananda Computers, Data Solution and Systec Digital.

Notable software and digital publications in this year's book fair are Bijoy Ekushey, Bijoy 52, Bijoy Shishu Shiksha and Bijoy Primary Education Series by Ananda Computers, Digital Bangladesh written by BCS President Mustafa Jabbar, Data Solutions' Digital and traditional Book on Tagore, Sharatchandra, Bankim, Jibananda Das and Sukanta.

Like the previous years, Systec is also bringing a wide range of IT knowledge sharing training guide on various software, Digital Quran Sharif, Digital Religious Publications, etc.

BCS expects that its participation in the Ekushey Book Fair will pave the way for realizing the dream of Digital Bangladesh.

### UBS introduces Optoma ES526 Projector

Unique Business Systems has offered brilliant optical design Optoma ES526 World No.1 DLP Projector at an attractive price of Tk. 45,000. A brightness 2800 lumens combined with a 3000:1 contrast ratio, DLP display technology, 800X600 native resolution, 5.0 lbs, long lamp-life of 4000 hrs combined with Optoma 5 year Color and Imager technology saves time and money while ensuring hassle-free, long lasting projection. To retain image clarity, Optoma projectors are designed with DLP technology, preventing degradation over time and content pixel performance. Easy to use with games consoles, DVD players, digital satellite/TV boxes and PCs/laptops. The stock is limited. For more information, Phone: 8828377, 9883094, 8812244, 9891548, 01730044406. Chittagong Office: 725540, 2517007, 01730044413, Sylhet Office Mob: 017130044407.

### News and Current Affairs Channel to be launched

NDTV Worldwide and Beximco Group, the largest private sector industrial conglomerate in Bangladesh have come together to launch a 24 hour news and current affairs channel in Bangladesh - Independent Television. Beximco Group through its media subsidiary, Independent Television Ltd, plans to launch the channel by early September 2010. "We aim to make Independent TV a leading news and current affairs channel in the country and would follow the highest ethical values to ensure that we achieve this objective. NDTV, with its credibility as a leading media house, extensive knowledge of the Indian and international news markets coupled with an experienced broadcast team, is the ideal partner for the launch of our channel" - said Mr. Salman F Rahman, Deputy Chairman, Beximco Group. Commenting on the alliance, Dr. Prannoy Roy, Chairman, NDTV Limited said, "We are delighted to tie up with the Beximco Group in their expansion plans to become a leading media group in Bangladesh. We are confident that Independent Television

will set the standards in the Bangladeshi media sector for the times to come". The alliance between Beximco and NDTV extends beyond channel planning and execution. It would also entail NDTV assisting the Beximco Group with the overall operational and business management of the channel. For further information, contact - NDTV: Aarti Laxmanan/Kulpam Peshin, Email: aartil@ndtv.com; kulpamp@ndtv.com. Beximco Group: Intekhab Mahmud, Executive Director, Email: intekhab@beximco.net.

### Shahjalal Islami Bank will be using BankUltimus

Shahjalal Islami Bank Limited has recently tied up with Leads Corporation for purchasing BankUltimus - a locally made Shariah-compliant centralized core banking software. Shahjalal Islami bank, which traditionally depends on local software for its core banking operation, said that the move would help the cause of further cost cutting in online IT infrastructure while generating more employment. The two companies inked

an agreement in this regard at a formal deal signing ceremony in the city on the day. Managing Director of Shahjalal Islami Bank Limited Muhammad Ali and Managing Director of Leads Corporation Sheikh Abdul Aziz signed the deal on behalf of their respective parties. "There are several advantages of using local software instead of the foreign ones from the point of view of the return on investment", said Mr. Muhammad Ali, Managing Director of SJIBL on the occasion. "While the initial cost is around 80 per cent less for a local software compared to the overseas one, the subsequent maintenance cost is also minimal," he added. "The software is compliant with

Bangladesh Bank IT Policy guideline as well as BASEL- II", informed a representative from Leads Corporation.

### HP Award Winner's Night held

Hewlett-Packard (HP), the world's largest technology company held their Grand Reseller Meet and Award Winner's Night on 14 January 2010 at Bangabandhu International Conference Centre (BICC), Dhaka. More than 100 HP partner were invited and participated in this Award Winner's Night organized by HP Personal System Group (PSG). ## UCC Brings Sapphire ATI HD4, HD5 Series Graphic Cards

United Computer Centre (UCC) has introduced a range of Sapphire graphics card to Bangladesh market. Product details:

**HD 4 5 5 0**

**(512MB/DDR3):** 80 stream Processing Units, Enhanced Anti-Aliasing (AA) & Anisotropic Filtering (AF), ATI CrossFireX™ Technology, Upscale Beyond 1080p, Unified Video Decoder 2 (UVD 2), Enhanced DVD Upscaling, HDMI, Consumes less than 25 watts under full load. Price: Tk 4,100.

**HD4650 (1GB/DDR2):** 320 Stream Processing Units, Enhanced Anti-Aliasing (AA) & Anisotropic Filtering (AF), Accelerated Video Transcoding(AVT), Upscale Beyond 1080p, Enhanced DVD Upscaling, Dynamic Contrast, HDMI. Price: Tk 4,700.

**HD4650 (1GB/DDR2):** 320 Stream Processing Units, Enhanced Anti-Aliasing (AA) & Anisotropic Filtering (AF), Accelerated Video Transcoding(AVT), Upscale Beyond 1080p, Enhanced DVD Upscaling, Dynamic Contrast, HDMI. Price: Tk 4,700.

**HD4770 (512MB/DDR5):** Advanced Memory, Enhanced Anti-Aliasing (AA) & Anisotropic Filtering (AF), Microsoft DirectX 10.1, ATI CrossFireX™ Technology, PCI Express 2.0.

**HD5750 (1GB/DDR5):** ATI Eyefinity Technology(B.C.), ATI Stream Technology(A.E.), 40 nm Process Technology, 1.008 TeraFlops Processing Power, 720 Stream Processing Units, 2nd Generation TeraScale Engine, Microsoft Windows 7® Support(F.), Supports DL-DVI, DP, HDMI and D-Sub, HDMI 1.3, Dolby® TrueHD and DTS-HD Master Audio™ Support.

**HD5770 (1GB/DDR5):** 40 nm Process Technology, 1.36 TeraFlops Processing Power, 800 Stream Processing Units,

2nd Generation TeraScale Engine, Microsoft Windows 7® Support, Enhanced Anisotropic Filtering, Accelerated Video Transcoding, Display Flexibility, Supports DL-DVI.

**HD5850 (1GB/DDR5):** 40 nm Process Technology, Microsoft Windows 7® Support, Enhanced Anisotropic Filtering, Display Flexibility, Supports DL-DVI, DP, HDMI and D-Sub, Dolby® TrueHD and DTS-HD Master Audio™ Support. For more information on Sapphire products, please ring: 9118074, 8610385, 9664933.

## SAFE IT introduces PCi brand 3G Mobile Broadband Wireless Router

Safe IT Services Ltd., sole distributor of PCi Networking products in Bangladesh has introduced PCi 3G mobile broadband wireless router (CQW-HPMM-ER) for local ICT market. The CQW-HPMM-

ER is an IEEE802.11g Wireless MIMO USB Mobile Router. It has following features- \* Three Antenna (5dbi). \* ACL (Access control list) management. \* NAT/NAPT IP Sharing, Anti-DoS Firewall and Virtual Server/DMZ. \* VPN Pass Through (IPSec/PPTP), Obtain WAN IP by PPPoE/Static IP/DHCP. \* Support Mail-SPAM. \* Support WDS (Restrict, Bridge, Repeater mode). \* Support Special Applications (Port Triggers), DDNS (DynDNS, TZO). \* Supports 64/128 Bit WEP WPA WPA-PSK WPA2 WPA2-PSK WPA+WPA2 Security. \* Support USB2.0 NEC Chipset, it has good LAN-to-USB throughput for embedded system and strong compatibility for USB memory HDD case printer. Connecting the user's 3G/3.5G USB Modem with the USB port, the router can serve as a 3G/3.5G mobile broadband wireless router. The users can take the wireless network with them anywhere including outdoors and in the car. Price: Taka 12,000. For more information: Safe IT Services Ltd., 01817-149305, padip@safeitbd.com.

## MSI Holds Joint Press Conference with Intel at CES 2010

MSI Computer, a leading manufacturer of computer hardware products and solutions held a joint press conference with Intel Corporation at its booth in the Las Vegas Convention Center, South Hall 3 #30651. MSI President and

Chairman Mr. Joseph Hsu introduced the 2010 MSI Lineup. Mr. Hsu described MSI's newest editions to its G-Series gaming laptops equipped with the Intel's new Arrandale platform and Core i5 Processors - the same notebooks being used by the professional gaming team, Team EG. Mr. Hsu also introduced the

2010 IF Design Award winning U160 Wind. Navin Shenoy, Intel's Vice President of Sales and Marketing and the General Manager for the Asia Pacific Region, discussed the importance of Intel's relationship with MSI and commented on how their relationship had evolved over the last ten years. Andy Tung, Vice President of Sales and Marketing for MSI North America and Sam Chern, MSI's Director of Marketing, took the stage next to offer more details on the 2010 product lineup. For more information, please contact MSI media representative Mr. Mark Olson at markolson@maxborgesagency.com.

### About MSI Notebook

Based in City of Industry California, MSI Notebook manufactures and sells a wide array of mobile computing products that includes Gaming Notebooks, Ultra Portables, The Essential Series, The Professional Series and MSI's award winning line of Wind Netbooks. Each product line is designed with the latest technology to meet a specific set of needs for the various classifications of mobile users. To learn more about MSI Notebook's complete offering, please visit <http://www.msimobile.com>.

### Businesslink introduce BIOSTAR-G41D3 6.x Motherboard

Businesslink Computers Ltd., the sole distributor of Biostar products in Bangladesh has recently introduced BIOSTAR-G41D3 6.x Motherboard in local ICT market. It has following features- \* Intel Celeron/ Dual-Core/ Core2 Duo/ Core2 Quad CPU Support. \* FSB 800/1066/1333MHz . \* Dual Channel DDR3 800/1066 MHz Memory. \* Intel Graphics Media Accelerator X4500 On Board Graphic. \* Solid Capacitor. \* Bios-Flasher. \* Bios-Relife. \* PCI-E x16 Slot. \* Realtek RTL8102EL - 10/100 Controller LAN. \* Compatible with Windows 7. For details: 9673979-80.

### Transcend's New High Speed USB Flash Drive to be released by UCC

JetFlash 600 | USB Flash Drive

**Features:**  
-Streamlined, contoured design.  
-Comes with LED status indicator to show the status of data transfer.

- USB 2.0 interface for high-speed data transfer.
- USB powered—no external power or battery needed.
- Easy plug and play design.
- Compact and easy to carry.
- Includes JetFlash elite data management tool.
- Compatible with Windows 7, Vista, XP, 2000.
- Lifetime warranty.

### JetFlash 300 | USB Flash Drive

**Features:** Streamlined, contoured design, comes with LED status indicator to show the status of data transfer, USB 2.0 interface for high-speed data transfer, USB powered—no external power or battery needed, easy plug and play design, compact and easy to carry

-Includes JetFlash? elite data management tool, compatible with Windows 7, Vista, XP, 2000, lifetime warranty.

For more information: 9118074.

### SAFE IT brings PCi brand Web-Smart Plus Management Switch

16 ports 10/100/1000Mbps + 4 ports Gigabit Combo with mini-GBIC slots

Safe IT Services Ltd., the sole distributor of Taiwan based world famous Networking Product Brand PCi in Bangladesh, has recently introduced PCi Web-Smart Plus Management Switch (SWP-0412G2). It is 16 ports 10/100/1000Mbps + 4 ports Gigabit Combo with mini-GBIC slots standards. It has the following features-

**Hardware:** \* Supports 16 ports RJ45 10/100/1000Base-T and 4 ports gigabit combo with mini-GBIC slots. \* Support auto MDI/MDI-X with RJ-45 connector. \* Supports auto-detection for mini-GBIC module insertion. \* Supports auto-negotiation with IEEE802.3x flow control for full-duplex operation, and back pressure for half-duplex operation. \* Supports 8K MAC address and up to 340KB packet buffer. \* Provides 9K jumbo frames to improve network utilization of a large file transfers. \* 19" Rack-mount

supported.

**Software:** \* Supports SNMP (Simple Network Management Protocol) monitoring. \* Supports IEEE802.1Q tag-based VLAN, port-based VLAN, up to 16 active VLAN groups. \* Supports IEEE802.1p QoS function, port base, tag base, DSCP priority. \* Supports IEEE802.3ad Link Aggregation and LACP, up to 8 ports and 8 groups port aggregation. \* Supports IEEE802.1x Port-Based Authentication. \* Supports Rate Limited (ICMP Rate, Broadcast Rate, Multicast Rate, and Ingress/Egress Rate). \* Supports Store-and-Forward architecture and performs forwarding and filtering. \* Provides non-blocking wire-speed switching performance for each port to receive and forward. \* Supports Port Mirroring. \* Supports storm filtering. \* Provides auto-discovery function for easy network management. \* Supports to build 16 static MAC table through CLI setting. \* Supports web-based management interface. \* Supports console CLI(Command Line Interface). \* Supports to upgrade firmware. Price: Taka 35,000. For more information: Safe IT Services Ltd., 01817-149305, pradip@safeitbd.com

### Rajshahi IT, one step ahead toward Digital Bangladesh

To make the journey of Digital Bangladesh more fruitful, an initiative has been taken to establish Rajshahi as an IT City. With this vision, a discussion session was organized in Rajshahi with the participation of prominent ICT personalities. The opinion sharing session has been participated by Mr. Munir Hassan, Advisor, Ministry of Science and ICT, Government, Md. Mehdi Hassan, Lecturer, Department of Computer Science, Rajshahi University, ICT Initiator Merajul Ferdous, Mr. ASM Hassan, CEO, DigiTech and Md. Ahsan Kabeer, CEO of BDCan Infosys. Various issues and points were discussed throughout the session about developing Rajshahi as a ICT City. To share experience and opinion a yahoo group has been opened also. The URL of the group is: [http://groups.yahoo.com/group/rajshahi\\_it](http://groups.yahoo.com/group/rajshahi_it)

### Superior introduces portable scanning assistant ScanExpress S40 Scanner

Portable Document scanner has slim, trendy outlook

Superior Electronics introduces portable scanning assistant ScanExpress S40 Scanner in the local ICT market. The Scan Express S40 makes it easy to scan full size documents, photos and business cards. Product Features: \* Easy to scan full size documents, photos and business cards. \* Scan and convert all your documents to PDF, Word, Email, Excel, etc. \* High-speed scanning for a document on your desktop. \* Scanning resolution up to 600 DPI. \* Handy USB powered design. \* High glossy finish with front touch controls. \* Support OS with Windows XP, Vista, Windows 7, Mac OS X. \* 1 year warranty. For more, contact: Superior Electronics (Pvt.) Ltd., 8626663, 01819-746789.

## Smart introduces new Gigabyte Motherboard and VGA Card

*New 4 Motherboard-*

# **GA-EX58-UD3R** (rev. 1.0): \* Intel® X58 + ICH10R Chipset. \* Socket - 1366. \* 2 oz PCB design with copper cooled quality for lower working temperature. \* Supports the newest Intel® Core™ i7 processors in socket LGA1366 with QPI 6.4 GT/s. \* Revolution energy saving design with DES Advanced featuring hardware based Dynamic 4-Gear switching. \* Supports 3 channel DDR3 2000+ memory. \* 2 PCI-E 2.0 x16 graphics interface with CrossFireX and SLI support for ultimate graphics performance. \* Unique hardware control IC to provide more precision voltage control. \* 100% 50,000 hour lifespan Japanese solid capacitors design. \* Features high speed Gigabit Ethernet connection.\* Home theater quality 8-channel High Definition Audio. \* TK. 16,000.

# **GA-P55M-UD2** (rev. 1.0): \* Intel® P55 Chipset. \* Socket - 1156. \* Leading quality standard of Ultra Durable™ 3 technology with 2oz copper PCB design. \* Innovative Smart 6 technology for Smarter PC management. \* Support Intel® Core™ i7/ Core™ i5 processors with LGA 1156 socket. \* New Dynamic Energy Saver™ 2 technology enables best energy efficiency. \* Support ATI CrossFireX for ultimate graphics performance. \* Features high speed Gigabit Ethernet connection. \* Compatible with Windows 7 to deliver the best operation experience. Price: Taka 9,000.

# **GA-H55M-UD2H** (rev. 1.0): \* Intel® H55 Chipset. \* Socket - 1156. \* Leading quality standard of Ultra Durable™ 3 classic technology with 2oz copper PCB design. \* Innovative Smart 6 technology for smarter PC management. \* Supports Intel Core™ i7/ Core™ i5/ Core™ i3 LGA1156 processors. \* Dynamic Energy Saver™ 2 technology enables best energy efficiency. \* 2 PCI-E 2.0 x16 graphics interface(x16+x4) with ATI CrossFireX support for ultimate graphics performance. \* AutoGreen technology

Greening your PC via Bluetooth cellphone . \* Patented DualBIOS™ technology delivering highest level failure protection. \* Easy BIOS setting for GPU overclocking. \* Supports 6 devices without the need for drivers to be installed before being fully operational. \* Enhanced Intel HD Graphics integrated with the processor. \* Integrated HDMI/ DVI/ DisplayPort interface for smoother HD video playback. \* High-performance DAC with 108 dB Signal-to-Noise ratio playback quality. \* Compatible with Windows 7 to deliver the best operation experience. \* Meet European Union EuP(Energy-using Products) requirement. \* Price: Taka 10,000.

# **GA-EG41MF-US2H** (rev. 1.0): \* Socket - 775. \* Intel®G41 + ICH7 Chipset. \* Ultra Durable 3 Classic Technology with copper cooled quality for lower working temperature. \* Revolution energy saving design with DES Advanced featuring hardware based Dynamic 4-Gear switching. \* Ultra Durable 2 design in CPU VRM. \* Supports 45nm Intel Core 2 multi-core processors with FSB 1333 MHz. \* Dual channel DDR2 1066(OC) for remarkable system performance. \* Patented DualBIOS with dual hardware BIOS protection. Price: Taka 5,500.

*New 3 PCI Express card-*

# **GV-N220OC-1GI**: \* Powered by NVIDIA GeForce GT 220 GPU. \* Supports PCI Express 2.0 \* Microsoft DirectX 10.1 and OpenGL 3.1 support. \* Integrated with industry's best 1GB DDR3 memory and 128-bit memory interface. \* Supports NVIDIA PureVideo® HD technology. \* Features Dual link DVI-I / D-sub / HDMI with HDCP protection. \* Minimum 400W or greater system power supply. \* Price: Taka 5,700. For more information: 01730 317768.

## BTCL offers huge cut off in call service rates

Bangladesh Telecommunications Company Ltd. has reduced a number of phone service charges recently. The new monthly charges have come into effect, a BTCL press release said. The monthly charges for abbreviating dialing services has been reduced from BDT

100 to BDT 20, call record from BDT 300 to BDT 50, call waiting from BDT 200 to BDT 20, call wake up service from BDT 300 to BDT 50. Subscribers' voice message service has been cut from BDT 200 to BDT 20, do not disturb message from BDT 300 to BDT 30, call forwarding from BDT 300 to BDT 50, hotline from BDT 500 to BDT 200, conference call from BDT 300 to BDT 100 and call establish to busy subscribers from BDT 300 to BDT 50. Connection fee for the digital multiple excess subscriber service has also been massively reduced from BDT 5600 from BDT 1500.

## Web Video Conference Integrated System

TOTALOFFTEC video conference system is a set of professional multimedia communication collaboration video conference software, which thoroughly implements

the user-centered design development idea, helps the global users to fast establish online video conference platform to realize remote collaboration and communication. By leading audio and video communication technology, rich data collaboration function and human-oriented conference interaction mechanism, TOTALOFFTEC web video conference system is highly recognized by the global customers.

Video conferencing system provides businesses with online meetings, web conferencing, audio conferencing, desktop sharing, conference calling and video conferencing and other collaborative software on demand. We can provide to customers with scalability, reliability, security, online services and solutions, no matter where you are, as long as you have Internet and telephone, video conferencing service can help you easily you and your customers, colleagues and build dynamic, interactive platform, a large number to reduce costs and increase productivity quickly. Try your own online meeting, or call for more information 8411222. ■
